

TRAINING OVERVIEW

COACHING AGILE TRANSITIONS

The Coaching Agile Transitions immersion workshop is created by tryScrum and accredited by ICAgile.

"The tryScrum's mission is to humanise organisations by helping them become fully capable and resilient."

Become a Catalyst for Change

Our Transition Mastery program enables Agile coaches to gain the competencies in organisational and human change processes to catalyze change.

The ICP-CAT is one of the knowledge-based certifications on the Enterprise Coaching for Agility Track.

Enterprise Agility is the need of the hour. But, building an agile organisation is a journey. The Personal Mastery – Immersion Workshop provides education, direction, and coaching for Enterprise Coaches, Leaders, and anyone that is looking to help Organisations move toward new ways of working. During this workshop, you will gain the competencies needed for Coaching Agile Teams during their transitions.

Key Outcomes

- Understanding the Organisational Change Process.
- Understanding, Identifying and Addressing Organisational Impediments.
- Co-Creating an Organisational Change Strategy.
- Facilitating at an Organisational Level.

TESTIMONIALS

Highly recommend Tryscrum if you are desiring to upskill your career path in Agile world. Trainers are well qualified and they do have real world experience. Their coaching styles and real-time examples were outstanding! I have attended ICP-CAT in September 2020 with Tryscrum and I must say 2 full day program schedule was completely engaging! Thank you tryScrum team.

Enterprise Agile Coach
Allstate India

I attended training for ICP-CAT - Coaching Agile Transitions. It was a wonderful session. The tutor was really good at concepts. Most importantly the discussions were very innovative, thoughtful and convincing enough to apply in real time business partner environment. Participants from different geographical locations helped us understand the business structure followed in respective locations. Overall, all the best training I ever had and the tutor was able to answer our queries without any hesitation and difficulties. Thanks for team tryScrum.

Who should Attend?

Relevant roles include enterprise, program, and team-level Agile Coaches, Agile Team Facilitators, or anyone aspiring to these roles. Also, anyone with a strong background in change management and/or organisational design and a curiosity about agile approaches at the enterprise level will benefit from this certification.
